— Comfort. Style. Durability. —

# RealisTEAK™

The alternative to Natural Teak that offers all the look without the maintenance.

- An innovative **engineered polymer** composed of a proprietary mixture of virgin polystyrenes used to create beautiful and durable furniture and table tops
- Offers a blend of colors in each piece creating the **appearance of natural teak wood**
- **Colored throughout** making scratch or scuff repairs simple using a medium Scotchbrite pad
- Produced with **UV inhibitors** to **minimize fading** and maintain its natural look over time
- **High strength material** stabilized with aluminum structure in long spans
- **Water repellent** with a minimal level of moisture absorption, less than half of typical synthetic wood products
- Resists spills, does not stain from common household liquids and can be **cleaned using mild soap and water**
- **Fully recyclable** and free from known hazardous materials

Graying and weathering of typical Teak furniture.

Routine maintenance needed to keep the original Teak color

RealisTEAK®  
No color change, resistant to fading and minimal maintenance

Exclusively from

# RealisTEAK™

Never worry about maintaining the original Dune Teak color.

FEATURES	BENEFITS
• An innovative engineered polymer composed of unique virgin plastics to create beautiful and durable furniture and table tops	• Since materials used for construction have not been recycled, this makes them stronger and longer-lasting
• Offers the appearance of natural teak wood	• The blend of colors in each piece creates the appearance of real wood without the maintenance
• Colored throughout	• Makes minor repairs simple by using a medium non-scratch sanding pad
• Produced with UV inhibitors	• Minimizes fading and maintains its natural look over time
• High strength material stabilized with aluminum structure in long spans	• Prevents warping in tables and long spans of sofa
• Water repellent with a minimal level of moisture absorption	• Resists spills and rain beads on surface rather than being absorbed
• Does not stain from common household liquids	• Cleaning with mild soap and water soon after spills will prevent staining
• Fully recyclable and free from known hazardous materials	• Environmentally friendly
• Covered by 5 Year Limited Manufacturer's Warranty	• Provides confidence that product is reliable and we'll stand behind it
