

## Jewel Rectangular Counter Height Dining Table

### Jewel Collection

#### Details

Sleek, modern origami inspired look with angular and sculpted folds and smaller in scale, this collection is perfect for more compact urban outdoor spaces. The weave has a soft chalk white finish that is mingled with platinum gray highlights and is juxtaposed against a sleek chrome finish on the powder-coated aluminum base.

- The frame is constructed of rust and mildew resistant premium aluminum finished in a sleek polished chrome.
- Weather-resistant, high UV polyethylene synthetic fiber weave in a soft chalk white finish that is mingled with platinum gray highlights and is hand-woven over premium aluminum frame.
- Smooth, opaque inset tempered glass top. Umbrella hole with plug.
- Seats 6.
- Available in only in Chalk White finish, a modern soft white, mingled with platinum gray highlights.

#### Dimensions

#### About the Collection

Inspired by the ancient art of origami and perched on top of an intricate network of angular aluminum, the unique folds of synthetic woven wicker create a sleek and minimalist aesthetic. A soft chalk white finish that is mingled with platinum gray highlights is juxtaposed against a sleek chrome finish on the powder-coated aluminum base. Smaller in scale, this collection is perfect for more compact outdoor spaces.

**Finish: Chalk White**
