NOTES

- The model has quilted seats when ordered in leather, whilst in fabric there are no stitches yet resulting in a more contemporary look.
- Armless seat versions can also be used as a stand-alone element thanks to side panels that can be easily attached to the seat. The side panels have their own version and must be ordered separately. It is possible to mix and match stand-alone elements and panels in different coverings, categories and colors.
- Many upholstered small elements enrich the versatility of the models: ottomans in different dimensions, shapes and function, to be used together with the seats elements or as stand-alone elements.
- Power mechanism with switch on the external side panel (power recliner and manual adjustable headrests)
- The armless relax seats have an upholstered switch flap on the side that can be easily hidden between the seats to activate the mechanism.
- Thanks to ZeroWall mechanism, seat and back cushions can be reclined at a great length without moving sofa away from the wall.
- Tight Seat Cushion (the seat cushions of the models are fixed to the frame)
- Tight Back Cushion (the back cushions of the models are fixed to the frame)
- No Leather Side (the sectional pieces have the side covered with lining and not leather)
- Wood Frame
- Without Feet Assembled (the feet will be in a bag inside the package)
- Cardboard Wrap

NOTES

---

- Feet height 4,5 cm
