

Cityscapes

Cityscapes is a 45-piece whole home collection with a decidedly “spa contemporary” point of view. The design influence ranges from crisp modern lines to beaded and bow front transitional. Mixed media abounds as many pieces are accentuated in metal, stone, glass and wood. Distinctive hardware, in the form of open and closed squares, elegantly complete the gold and gray color story.

2323 | STONE

Stone is a warm gray color tone with light wire brushing and powder glaze accents. Casual in nature this finish brings style to neutral. When coupled with metal accents a handsome palette emerges.

1226 | ACCOLADE FINISH

A brassy gold metal finish with a slightly matte sheen. Brings brightness and contrast to the Stone finish.

POLISHED TRAVERTINE MARBLE

Natural material featuring unique veining and color variations.

IT'S ALL IN THE DETAILS. With a mix of clean-lined, modern design and traditional silhouettes, the Cityscapes collection brings home the serene spirit of a luxurious spa vacation. The comprehensive 45-piece collection is rich with subtle details, from the swag motif on the back of a dining chair, to the channel tufting on an upholstered headboard, to the travertine top of a slim-legged nightstand—each design and detail executed with artisanal care. Throughout the collection, the gold and warm gray palette is accented with brass, stone, glass and wood, and enhanced with jewelry-like gold-toned hardware, custom designed and custom made.
